I told Malone this was news to us and explained that we had indeed briefed a number of committees and members on this subject. Subsequently, I informed Malone of my understanding that Secretary of Defense Schlesinger was scheduled to meet with some of these members at 3:30 p.m. this afternoon on the same subject. Malone was aware of this but said the Secretary did not get into the area of specific interest which is the rebuttal of Dr. Herbert Scoville's letter to Representative John F. Sieberling (D., Ohio).

Smeeton maintained that Representative William Broomfield (R., Mich.) had weighed all of these factors and was really quite insistent on a letter. He agreed that the letter is not needed until tomorrow morning.

Janka promised to keep me advised as to the progress on this problem.

25X1

19. [] Arnold Donahue, OMB, called and asked if there was any standard format that a witness should use during a public congressional hearing to decline to answer a question which involves classified matters.
